

This diagram shows truck traffic flow at ADM Hensler. The driveway can fit three lines of trucks. If you are a truck at the end of one of these lines, please start the next line so there are no trucks on the pavement. Remember which truck is last in that line to make sure you follow that truck in line through the elevator. Please do not cut off other trucks in line. Thanks for your cooperation.

- Line 1– Green Arrow
- Line 2– Blue Arrow
- Line 3– Yellow Arrow
